Dear Parents and Carers,

You will receive an email today from Arbor inviting you to log in to the Arbor Parent App. If you do not see an email in your inbox, please check your junk folder. Follow the instructions in the welcome email to set up your account.

We are asking parents to log in to what will become the school's new communication app. From September, we hope to be using the Arbor app for all parental emails and text messages, club bookings, trip and residential information, payments, breakfast club bookings and school dinner administration. We are hoping that moving to one app will make life easier for parents and carers as everything will be in one place instead of asking you to use 3 different apps as we do now.

The app is new to office staff, so we wanted to use the next half term to iron out any teething problems for both parents and ourselves! Over the next few weeks we may trial different areas of the app with certain year groups and we will let parents know when this is the case.

Please continue to use the current school payment and communication apps – do not delete these at this time.

Year 6 parents and carers do not need to download the app. We appreciate that with only 7 weeks left at Amberley, you will not want to add another app to your phone. We will continue to send all Year 6 communications through our current method. The School App. However, if you have younger siblings still in school, please do log in to Arbor!

We will be available after half term to answer questions, if any, about the Arbor Parent App.

Have a lovely half term.

Thank you,
The Amberley Office Team
