Accessing Seesaw for online learning

1. Use a computer or tablet to access the website: <https://web.seesaw.me/>

You can also download this as an App.

2. Choose "I'm a Student".

3. Either scan the barcode (by accessing the camera on your device) or type in your child's code (both of these have been stuck in your child's homework book). This works like a password and will just give you access to your child's account.
4. Look for the work that has been uploaded by clicking 'Activities' and follow the instructions. Either: complete the work in your homework book and upload a photo of the work you have completed or complete the work directly onto seesaw by clicking 'add response' and choosing the drawing, video or notes option.
5. If you have any issues, please contact your child's class teacher via email. A list of staff emails is available for parents / carers on our website in the 'Newsletters' section.
