

AMBERLEY PRIMARY SCHOOL

Y3 Spring 1 Homework

Please select one activity per week to complete and upload a picture to seesaw for your child's teacher to see.

Each week your child will have a book to read at home. Please fill in the reading record weekly and ensure the book is in school on your child's reading day.

The spellings for the half term are on Seesaw. Each week a new spelling list will be uploaded for practice on spelling shed and your child should practice their times tables weekly on 'Timestable Rockstars'

Please see your child's homework book for their login details. This book can be used to complete any of the tasks below but does not need to return to school.

English

Create a list of words with the following prefixes. How many can you find?

**super-
anti-
auto-**

Can you write a sentence using some of the words?

Maths

Your challenge is to count in 8's until 8x12!

Can you recite your 3s and 4s in less than one minute? Record it and show us on SeeSaw!

Use timetables rockstars to help you practice.

Eco Challenge

Your challenge is to become a household lighting monitor. Make sure lights in any room are switched off when nobody is inside!

Life Skills

Help with household duties around the house. You could try hoovering, washing the dishes, folding the laundry or tidying your bedroom. Upload a video or photo to SeeSaw to show us.

Forces

Push a range of objects e.g. a marble, a soft toy, a football, clay.

Which object pushed the furthest? Use a ruler to measure.

Create a table to show your results.

Geography

Create a factfile about one of the world's volcanoes. Facts to think about;

- What type of volcano it is
- Which country it is in
- Is it active, dormant or extinct?
- When did it last erupt?
- Interesting facts about the volcano.

ICT

Create a short video or PowerPoint presentation on how to stay safe during an earthquake. Things you could consider are;

- An emergency plan of action
- What you would pack in your survival kit
- Safe places to go to

Art

Create a collage of a volcano, using recycled materials.

This half term we are learning about Active Earth in Geography. Your knowledge organiser for this half term is attached with this homework grid.
